

THE MAINTENANCE COMMUNITY COALITION

WHO WE ARE

TMCC is made up of individuals and organizations that care deeply about advancing the jobs that support and sustain our human-built world - from maintainers to builders, producers, technicians and more. We listen to the needs of the community and organize opportunities for members to get involved. Our goal is to create give back opportunities that are easily accessible for members to participate, and provide tangible positive impacts in the lives of our fellow community members. By joining us in support of this mission, you are a member of the coalition!

Our Purpose

We are committed to helping individuals thrive in their professional journeys by providing access to resources, sharing expertise, granting scholarships, hosting events, and unlocking knowledge – always at no cost. Why? Because the future of our industries depends on us working together to bridge the skills gap, one person at a time. **Put simply, we give back to move maintenance forward.**

“OVER THE NEXT DECADE 2 MILLION OF THE 3.5 MILLION MANUFACTURING JOBS LIKELY NEEDED WILL GO UNFILLED BECAUSE OF THE SKILLS GAP.”

-2018 DELOITTE & THE MANUFACTURING INSTITUTE SKILLS GAP & FUTURE OF WORK STUDY

TMCC IS BRIDGING THE GAP

THROUGHOUT THE YEAR, WE'RE FOCUSED ON:

NEXT GENERATION

Creating programs and opportunities that inspire the leaders of tomorrow.

CURRENT GENERATION

Connecting the professionals of today to resources that will elevate their careers.

LEGACY GENERATION

Amplifying the knowledge of retiring professionals and honoring their impact.

THE MAINTENANCE COMMUNITY COALITION

CURRENT GIVE-BACK OPPORTUNITY: BOOKS TO BRIDGE

Our community has told us that the cost of ongoing education has been a major factor in the widening the skills gap. There is a hunger in our community to learn and develop, but individuals and teams, especially smaller teams and younger professionals, cannot access resources that many of you, our community leaders, have worked tirelessly to produce. Additionally, we've heard a resounding yearning for opportunities to have direct access to experts in order to ask questions about topics they may not completely understand. With all of this in mind, our Books to Bridge initiative seeks to meet this need head on.

For our first give-back in 2023, UpKeep's TMCC team is committed to providing educational books to individuals and teams while also supporting the experts that have dedicated their time and resources to produce these high-quality materials.

If you are an expert in the field and a published author, TMCC is looking to purchase your industry relevant books in bulk in order to provide them free of charge to professionals who would otherwise not have access. In order for your books to be purchased through this campaign, however, we ask that you partner with us and commit to one of the following ways of helping located below.

"HOW CAN I HELP?"

- **Author Q&A** - give members a chance to ask questions either via a live video Q&A or a LinkedIn Q&A
- **Book Matching** - commit to matching our purchase and increasing our overall impact
- **Discount** - provide a discount offer on our purchase so our Coalition funds can go further

Timeline

We ask that you send us your interest in partnering for this initiative by February 1, 2023 in order for us to complete our purchase and begin the giveaway to the community the first week of February.
